COLD FEAR

Safety Information

About Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures.

The risk of photosensitive epileptic seizures may be reduced by sitting farther from the television screen, using a smaller television screen, playing in a well-lit room, and not playing when you are drowsy or fatigued. If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

Other Important Health and Safety Information The Xbox Instruction Manual contains important health and safety information that you should read and understand before using this software.

Avoid Damage to Your Television

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of gameplay may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be played safely on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played safely on your set.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

STORY

Overview

Tom Hansen is just another guy in the U.S. Coast Guard when his crew receives a mysterious order to undertake a hazardous rescue mission in the teeth of a winter storm. As the waves surge higher, Tom and his crewmates find the vessel, an abandoned Russian whaling ship. They board it, but discover that the ship has only been abandoned by human life. Something else is on board, something deadly, and soon Hansen is the only one left to stop it. Joining forces with the only other survivor, Hansen must battle the inhuman menace and seek out its very heart for a confrontation that could have consequences for all of humanity.

CHARACTERS

Tom Hansen

Once a hero, now disgraced, Hansen is happy to fade into the woodwork as just one more guy out there saving lives with the Coast Guard. All that changes when his vessel receives an order to rescue an abandoned whaling ship during a raging storm. What he finds there will reawaken the dying embers of his spirit, if it doesn't kill him first.

Dr. Viktor Kamsky

Brilliant scientist and devoted father, Kamsky leads the research effort on the isolated drilling platform. His discoveries could threaten all humanity – and cost him his own in the bargain.

Anna Kamsky

The daughter of scientist Viktor Kamsky, she has been kept as a hostage to ensure his cooperation. Rebellious and strong-willed, she finds herself forced to make an impossible decision if she wants to survive.

CIA Agent Jason Bennett

Agent Bennett has been watching the situation for a long time. Patiently, like a spider in the center of its web, he's been waiting for his chance to unravel the mystery – no matter how many lives it takes to do so.

ENEMIES

Mercenaries (Uninfected)

Hired to protect the mysterious oil rig, these former soldiers shoot on sight and shoot to kill. But nothing they've seen or done has prepared them for what they're about to face.

The Exos

The results of Dr. Kamsky's experiments. All of his specimens mysteriously broke loose and started infecting and hunting anyone they could find on the oil rig and the whaler. The Exos vary a lot in shape and behavior, but all are aggressive and deadly.

Exo-M 1.1/ExoMutant

No longer human, these creatures are savage, mindless, and hungry. Blessed with inhuman strength and cursed with a hunger for flesh, they attack relentlessly.

Exo-ME 2.0/ExoMutant

Not all mutants are created equal. These are smarter, stronger, and faster than their counterparts – making them that much more dangerous. The only way to permanently get rid of them is to kill the parasite that resides in their craniums.

Exo-S 5.2/ExoShade

There are plenty of reasons to be afraid of the dark, and this creature is the biggest one. Able to see perfectly in darkness, it hunts from the shadows and attacks without mercy.

Exo-G 4.3/ExoSpectre

What you can't see can hurt you. Able to blend in perfectly with its surroundings, this escaped experiment has a killer's instincts.

Exo-B 7.0/ExoMass

Not all experiments go as planned. Deformed and mutated, this creature has uncanny strength and an undying rage. Willing and able to punch through steel doors to seek its prey, this creature will never abandon the hunt.

Exo-N 3.5/ExoNest

These shapeless monstrosities send their children out into the world to seek new victims.

Exo-CL 3.0/ExoCel

Contaminator ExoCels live to spread their infection. Fast and agile, they seek weak or dying prey to serve as hosts for their parasitic needs. If they can't find a suitable victim, they'll be happy to make one.

PLAYING THE GAME

Press the START button from the title screen. You will then access the Main Menu.

Main Menu

Use the left thumbstick or the D-pad to navigate through the following options, then press the **A** button to select. Press the **Y** button to cancel and go back to the previous screen.

- **New game:** Start a new game.
- **Load game:** Resume a formerly saved game.
- **Settings:** Access the Options menu to customize certain aspects of the game.
- **Bonus:** Access unlocked bonuses. You can unlock bonuses by completing missions and objectives throughout the game.
- **Credits:** Access game credits.

Options Menu

From this screen you'll be able to customize the main settings of the game.

- **Controller options:** Set up key assignments, vibration on/off for the controller.
- **Sound configuration:** Set the music, sound effects, and voice effects levels.
- **Screen configuration:** Set screen display options.
- **Subtitles:** Toggle in-game subtitles on and off.

Game Interface

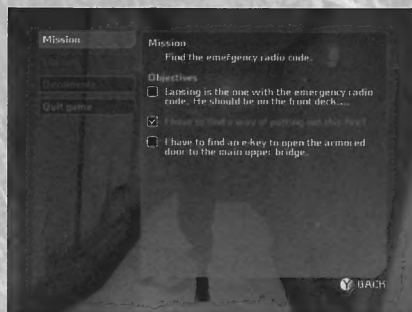

Now you're ready to begin the Cold Fear adventure!

- **Health gauge:** Displays Tom's health state. Falls, traps, and enemy attacks will reduce the health gauge. If your health gauge is completely empty, Tom dies and the game ends. You can replenish your health by using the med kits found in the game.
- **Resistance gauge:** Running will reduce the resistance gauge. When the gauge is empty, Tom is out of breath and cannot run anymore. Moreover, he will be more vulnerable to his enemies' attacks and will not be able to grab ledges anymore. The resistance gauge will replenish itself automatically over time if you avoid running.
- **Interaction indicator:** The caption will be highlighted whenever a special interaction is possible. Press the **B** button to perform the interaction.
- **Info bar:** This bar will appear to give you useful information about your environment: possible interactions, info on the objects you just picked up, objectives updates, etc.
- **Subtitles display:** When they are turned on, the game subtitles will appear in this bar.
- **Current weapon:** Displays the weapon that is currently selected. Press the **●** or **○** button, or use the **●** button to switch to another weapon.
- **Ammunition:** Shows how much ammunition you have left for the currently selected weapon. The first figure shows the ammunition left in the current clip, the second indicates the total amount of ammunition left for this weapon. Press the **X** button to reload your weapon.

Inventory

During the game, you can access the inventory at anytime by pressing the BACK button. You'll then see the following screen:

- **Mission:** Displays current objectives and their completion status.
- **Objects:** Displays a detailed view of the objects you possess.
- **Documents:** Displays the documents you have collected.
- **Quit Game:** Ends current game and returns you to the Main Menu.

Saving a Game

While playing, you will be advised to save your game at specific points.

End Game

If Tom Hansen dies in the course of a game, you will be asked if you want to load the last saved game. Choose Yes or No.

ADVANCED MOVES

Critical Hit

During combat, some enemies may try to grab you in an attempt to strangle or bite you. When a critical hit is possible, a status bar will appear on the screen. Press the **B** button repeatedly to fill up the status bar. Then, when it's full, pull the right trigger to perform a special critical hit that will deal lots of damage to your opponent.

The critical hit is impossible if you do not have ammunition for the weapon used to perform it. However, you'll still be able to shove an enemy that has grabbed you.

Shove Move

When your weapons are drawn and ready, you can use a shove move (**B** button) to repel an enemy that is closing in on you. This is especially useful when you are low on ammunition or when the enemy is too close and threatens to grab you.

Note that the shove move can also be employed to use or break many interactive objects in the game (crates, electric transformers, etc.).

Avoiding a Fall

At some points in the game you will be confronted with narrow catwalks and unsecured decks. If Tom loses his balance and begins to fall, just move the left thumbstick in the opposite direction of the fall. Tom will avoid the fall by grabbing on to a ledge or handrail. You can then climb back up by pushing the left thumbstick in the direction you want to go.

Grab Ledge/Rail

When you shoot at long range in an unsteady environment, you can use the **V** button to grab onto nearby handrails to steady your aim. Grabbing will also prevent you from losing your balance on decks when the angle is too steep.

Searching Dead Bodies for Items

Ammunition is scarce in Cold Fear, so you will often have to look around for additional ammo clips. You can also search dead bodies and pick up their loads. To do this, approach a dead body (the Action caption will appear), and then press the **B** button to search the corpse.

Head Crush

The ExoMutants in Cold Fear can only be killed by eliminating the Exocel that infests their brain. To do this, you can either shoot an ExoMutant in the head or crush its head while it lies stunned on the floor.

To perform a head crush, approach a stunned mutant (the Action caption will appear), and then press the **B** button to crush the head.

MAIN OBJECTS AND ACCESSORIES

Weapons

.45 Handgun

5.45 semi-automatic handgun

- **Magazine capacity:** 7
- **Rate of fire:** 3 rounds/sec
- **Special:** Built-in laser targeting, torchlight

XM1014 Tactical Shotgun

12mm semi-automatic shotgun

- **Magazine capacity:** 25
- **Rate of fire:** 0.8 rounds/sec

MP5-A3 Submachine Gun

9mm auto submachine gun

- **Magazine capacity:** 25
- **Rate of fire:** 14 rounds/sec
- **Special:** Navy-improved variation of the MP5 submachine gun

Automat Kalashnikova, Model 1947

7.62 assault rifle

- **Magazine capacity:** 30
- **Rate of fire:** 10 rounds/sec
- **Special:** Laser targeting

M79 "Sawed-off" Grenade Launcher

40mm grenade launcher

- **Magazine capacity:** 5
- **Rate of fire:** 0.8 rounds/sec

Assault Flamethrower

Gasoline propelled by compressed gas

- **Firing range:** 6 meters
- **Tank capacity:** 120 centiliters

Speargun

- **Weapon range:** 100 meters
- **Capacity:** 1 chemical stinger
- **Rate of fire:** 1 stinger/sec
- **Special:**
 - Chemical gas: Exo-Benzilate (XZ)
 - Durability of gas effect: 10 sec
 - Range of gas effect: 25 meters

Weapons Shortcuts

Some weapons have shortcuts available on the directional buttons. To assign these shortcuts, equip the weapon you want to assign, then press and hold the directional button you wish to use as a shortcut for this weapon. These shortcuts allow you to switch weapons more quickly during fights, according to your strategy and ammunition level.

Objects

In Cold Fear, many objects in your environment can be used against your enemies – and also be a threat to you! Constantly survey your surroundings to get the best use of objects.

Valves

These valves are used to open or close oil pipes. Firing on them will instantly create a leak that will release a pressurized stream of fire. They are good alternatives when you do not have the flamethrower.

There are other types of valves in Cold Fear. The yellow

ones carry pressurized steam, and the blue ones control fire-extinguishing systems. You can use them by pressing the **B** button

Extinguishers

Extinguishers are filled with pressurized carbonic snow. Firing on them will make them explode, with lethal results for anyone or anything standing too close to the blast radius.

Electric Transformers

These are electrical maintenance devices. Firing on them will create a short circuit and release denuded cables that can eventually become lethal if you get too close and touch them.

Barrels

Last reminders of the oil rig's former activities, they are filled with unstable carbohydrate substances. They will explode if exposed to an intense heat source or a bullet impact.

Laser Mines

Made of powerful and compact explosives, these directional mines will explode if something cuts their laser beams. They cannot be disarmed, so you have to dodge the beams or even try to get your enemies to clear the path for you.

Though protected against bullets, the mines are very vulnerable to explosions and fire. Therefore you can neutralize them with grenades, for instance.

Hook, Crates, and Cables

On a ship caught in a storm like the one in Cold Fear, all

objects that are not secured and safely fixed can become a deadly threat. Always pay attention to swaying elements and do not get in their path. Still, you can try to get your enemies to do so.

Switches

Some elements in Cold Fear can be activated through switches. They will allow you to access new areas, and some can even trigger events or sequences that you will be able to use in combat.

Documents

You will find many documents scattered around that will help you uncover the mysteries behind the Cold Fear story. Some will give you useful information about surviving in your environment.

MAPS

Finding your way on board a ship is a hard task. Fortunately, Tom is fluent in Russian. During the game, just aim at the signs painted on the walls to get a translation and locate your position.

When you enter a critical room, its name will be displayed in the top right corner of the screen, allowing you to know where you are.

Below you will find a map of the whaler that you can use to find your next objective.

Cold Fear™

This game and its contents are entirely fictitious. The characters, scenario, and action portrayed are purely imaginary and should be taken neither at face value nor as ideas to emulate. The rating of this title indicates that players must be adults. Everything has been created entirely and solely for entertainment purposes, and the ability of an adult to differentiate between entertainment content and what may be done in real life is assumed: Ubisoft cannot be held responsible for the actions of those who disregard this warning. Do not attempt to recreate the scenes conveyed in this game under any circumstances.

© 2005 Ubisoft Entertainment. All Rights Reserved. Cold Fear, Ubisoft, and the Ubisoft logo are trademarks of Ubisoft Entertainment in the US and/or other countries. Developed by Darkworks. RenderWare is a registered trademark. Portions of this software are Copyright 1998-2005 Criterion Software Ltd. and its Licensors.

WARRANTY

Ubisoft warrants to the original purchaser of its products that the products will be free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. Ubisoft products are sold "as is," without any expressed or implied warranties of any kind, and Ubisoft is not liable for any losses or damages of any kind resulting from use of its products. Ubisoft agrees for a period of ninety (90) days to either replace defective product free of charge provided you return the defective item with dated proof of purchase to the store from which the product was originally purchased or repair or replace the defective product at its option free of charge, when accompanied with a proof of purchase and sent to our offices postage prepaid. This warranty is not applicable to normal wear and tear, and shall be void if the defect in the product is found to be as a result of abuse, unreasonable use, mistreatment, or neglect of the product.

LIMITATIONS

This warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on, or obligate Ubisoft. Any implied warranties applicable to Ubisoft products, including warranties of merchantability and fitness for a particular purpose, are limited to the ninety (90) day period described above. In no event will Ubisoft be liable for any special, incidental, or consequential damages resulting from possession, use, or malfunction of Ubisoft products. Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages. So the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights that vary from state to state.

NOTICE

Ubisoft reserves the right to make improvements in its products at any time and without notice.

REFUNDS

Ubisoft cannot provide refunds or otherwise process returns for credit of any kind other than an identical product replacement. Any product refund request must occur at the place of purchase, as the individual retail outlets set their own refund policy. This policy covers identical product replacements only.

PRODUCT/DOCUMENTATION REPLACEMENTS

Please contact a Ubisoft Technical Support Representative directly before sending your product to us. In many cases, a replacement is not the best solution. Our Support Representatives will help you determine if a replacement is necessary or available. You will need to first acquire an RMA (Return Materials Authorization) number to process your return or replacement. Without an RMA number from a Support Representative, your replacement request will not be processed.

IF WE DETERMINE A RETURN OR REPLACEMENT IS NECESSARY:

Within the 90-Day Warranty Period: Please return the product (media only) along with a copy of the original sales receipt, showing the date of purchase, a brief description of the difficulty you are experiencing including your name, address (no PO boxes) and phone number to the address below. If the product was damaged through misuse or accident (cracks, scratches), or if you do not have a dated sales receipt, then this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period.

After the 90-Day Warranty Period: Please return the product (media only) along with a check or money order for the amount corresponding to your product (see replacement fees below) made payable to Ubisoft, a brief description of the difficulty you are experiencing, including your name, address (no PO boxes), RMA number, and phone number to the address below.

REPLACEMENT FEES

Our most recent replacement fee schedule is available online. Please visit <http://support.ubi.com> for an updated price list.

WARRANTY ADDRESS AND CONTACT INFORMATION

Phone: 919-460-9778.

Hours: 9am-9pm (EST), M-F

Address: Ubisoft Support
3200 Gateway Centre Blvd.
Suite 100
Morrisville, NC 27560

Please use a traceable delivery method when sending products to Ubisoft.

To order Ubisoft products in the United States, please call toll free 888-824-7038.

Technical Support

Before contacting Ubisoft's Technical Support Department, please first read through this manual. Also browse through our FAQ listings or search the support database at our website, <http://support.ubi.com>. Here you will find the most recently updated information since the game's release.

Whenever you contact the Technical Support Department, please include the following information or have it available if you are calling:

- Full product title
- Game console you are using

Support Over the Internet

This is the best way to find answers to common issues with our games. Our Frequently Asked Questions list is available 24 hours a day, 7 days a week and contains the most up-to-date Technical Support information available, including patches that can be downloaded free of charge. We update the Support pages on a daily basis, so please check here first for solutions to your problems:

<http://support.ubi.com/>.

Contact Us by Webmail

Due to high volumes of spam, viruses, and other non-support-related contacts, we no longer offer support via standard email. However, we do provide something better, webmail. By taking your questions directly through our website we have completely eliminated all spam contacts. As a result, we are able to respond to your questions much more quickly than we could through standard email. To send us a webmail, simply log into our site at <http://support.ubi.com/>.

From this site, you will be able to enter the Ubisoft Solution Center, where you can browse through our lists of Frequently Asked Questions (FAQ), search our database of known problems and solutions, and send in a request for personal assistance from a Technical Support representative by using the **Ask a Question** feature on the Frequently Asked Questions page. Most webmail contacts are responded to within two business days.

Contact Us by Phone

You can also contact us by phone by calling **(919) 460-9778** (for our customers in Quebec we provide French language support at (866) 824-6515). Please note that this number is for technical assistance only. No gameplay hints or tips are given over the Technical Support line. When calling our Technical Support line, please make sure you are in front of your gaming system and have all of the necessary information listed above at hand. Be advised that our Technical Support representatives are available to help you **Monday through Friday from 9 am-9 pm Eastern Time** (French language support available from 7 am-4 pm EST). While we do not charge for technical support, normal long distance charges apply. To avoid long distance charges, or to contact a support representative directly after these hours, please feel free to browse our Frequently Asked Questions lists or to send us a webmail. Webmail questions usually receive a response within two business days.

Contact Us by Standard Mail

If all else fails you can write to us at:

Ubisoft Technical Support • 3200 Gateway Centre Blvd. • Suite 100 • Morrisville, NC 27560

Return Policy

Please do not send any game returns directly to Ubisoft before contacting Technical Support. It is our policy that game returns must be dealt with by the retailer or online site where you purchased the product. If you have a damaged or scratched CD, please visit the FAQ listing for your game and get the latest replacement policy and pricing. We will not accept unsolicited returns/exchanges without prior approval and an RMA (Return Materials Authorization) number from a support representative.
